

NOTICE OF INTENTION TO ADOPT SEWER CODE ORDINANCE CHANGES

NOTICE IS HEREBY GIVEN that on Tuesday, March 9, 2021, the City Council will consider adopting sewer code ordinance changes at the regular City Council meeting at 7:00 pm or shortly thereafter. The full text of the proposed ordinance changes is available at the City Clerk's office at the Cotati City Hall. A summary of the proposed sewer code changes is as follows:

The proposed revisions to Chapter 13.42.060 of Title 13 (Water, Sewers and Electrical) of the City's Municipal Code improve the estimate of sewer volume used for billing residential sewer customers. The proposed revisions allow the current use period to be used when it is lower than the minimum wintertime usage. This will also address the instances where a new customer, which does not have historical water use, has water use lower than the estimate based on the standard per capita water use factor. The ability to adjust service charges in each billing period to actual water use, if lower than the estimated usage, reflects the current industry best practice.

For more information concerning the proposed Sewer Code Ordinance Changes, please call the City of Cotati Engineering Department (707) 665-3620.

ALL INTERESTED PERSONS are invited to attend or send their comments on the matters listed above to Lauren Berges, City Clerk, City of Cotati, 201 W. Sierra Avenue, Cotati CA, 94931, or lberges@cotaticity.org <<mailto:lberges@cotaticity.org>>, or provide them directly to the City Council at the hearing through remote meeting accommodations.

/s/ Lauren Berges, City Clerk
