

NOTICE IS HEREBY GIVEN that the Planning Commission will conduct a Public Hearing on Monday, August 17, 2020, at 7:00 p.m., or shortly thereafter in the Council Chamber of Cotati City Hall, 201 West Sierra Avenue, to consider the following matter: Consideration of the adoption of Thresholds of Significance for determining the significance of transportation impacts on the environment. State law provides that as of July 1, 2020, “vehicle miles traveled” (VMT) is the most appropriate measure of transportation impacts. VMT refers to the amount and distance of automobile travel attributable to a project. The Planning Commission will evaluate and consider what levels of project VMT will generally be considered to be significant under the California Environmental Quality Act (CEQA).

ALL INTERESTED PERSONS are invited to send their comments on the matters listed above to jpharries@cotaticity.org <<mailto:jpharries@cotaticity.org>> or provide them directly to the Planning Commission at the hearing through remote meeting accommodations.
